

From: Mrs. Zambardi
To: Juniors!

Please remember that we have access to **FREE ACT/SAT practice tests! These are provided by the State of Michigan.**

CLICK ON:

“College Preparation” practice tests are timed. You can stop the clock and log back in right to where you stopped- good for practicing at home.

You can choose from:

ACT English Practice Tests
ACT Math Practice Tests
ACT Reading Practice Tests
ACT Science Practice Tests
ACT Writing Practice Tests
ACT Preparation Courses

To access Learn A Test simply do this:

Go to: www.troyathens.org click on **Counseling**—then **Career Center Website**.
Then go to **LINKS** and the last entry—**“Learn a Test.”** (Learning Express Library)

Set up a new account if you haven’t already done so in a session with me. During that meeting I encouraged you to use a username and password that you frequently use so you’d remember it 😊

New User Registration:

Username: *

Password: *

Verify Password: *

ENTER YOUR INFORMATION ON THE FORM.

Click on COLLEGE PREPARATION and choose the practice test you want from the left-hand menu bar.

Select your test and click on ADD to my LEARNING CENTER. Then>>

[Start This Test Now!](#)

If you don’t have time to complete the test, click on **FINISH LATER**.

When you are ready to resume the test, login back in, click on **“MY CENTER”**, (upper right of page), **locate your unfinished test and click on the first number listed**. It then takes you right back to where you were.

IMPORTANT NOTE: At the end of this test, you will receive a score report. The complete ACT consists of four tests (English, Math, Reading, and Science). In order to calculate your average score on the ACT, you will need to write down and keep track of your score on each test. Keep a record of how well you did on each test. When you have completed all four tests, total your score and divide that number by 4 (the number of tests you took) to find your average score.

You can find out the correct answers for the problems you did wrong, so you can correct your understanding immediately.

Please note the suggested tests for further preparation in the areas of your weakness.

English _____ Math _____ Reading _____ Science _____ (Add together) = _____ /4 _____

This is your estimated ACT score.

Good luck, and the more you practice, the less stressed-out you will be when you take the ACT in March.
